

## REGISTERED NURSES

*(Up to full time hours available and temporary positions available)*

York Care Centre is a leading organization in Atlantic Canada providing long-term care and lifestyle living options on a single campus nestled along a vibrant wetland ecosystem in Fredericton, New Brunswick. When it comes to aging care, we don't fit the traditional mold. We are constantly reinventing ourselves so that our residents and families have access to the best possible care, environment, and quality of life. And our sister company, the Centre for Innovation and Research in Aging (CIRA), partners with academics and innovators from across Canada to conduct research that advances aging solutions everywhere.

Our employees are equally important to us. That's why they have access to competitive wages, a free onsite fitness centre, free parking, ongoing wellness initiatives, an annual scholarship program, a 'get inspired' social committee, and a collective budget to celebrate important milestones and networking events. It doesn't matter what your role, everyone contributes to make the work we do meaningful and enjoyable.

Our commitment is to meet the needs and enrich the lives of our residents through a thriving community of professionals dedicated to creating an environment of care and nurturing. And that is how you can assist as a Registered Nurse.

Our Registered Nurses oversee and supervise Care Services personnel, and as part of a multi-disciplinary team, participate in the assessment, planning, implementation and review of individualized care plans. Our Registered Nurses, within their supervisory role, are to make decisions that provide for the effective planning and execution of total nursing care to meet the individual resident's needs, and as well, maintain active liaison with residents, families and external agencies where applicable.

If you hold a current registration with the Nurses Association of New Brunswick, have strong organizational and communication skills, can multi-task, are an advocate for team nursing, hold a current CPR certification, have a positive and professional style combined with a caring and compassionate nature, then we want you on our team!

If you are interested in joining our Care Services department, please forward your resume in confidence to:

Human Resources  
York Care Centre  
100 Sunset Drive
